This IT ECO Declaration consists of three documents:

Company Environmental Profile – Divided in to two sections; Legal and Market requirements  
 Product Environmental Attributes – Divided in to two sections; Legal and Market requirements and  
 Guideline document with extensive clarifications, comments and references.

The latest version of all these documents can be downloaded from: [www.itecodeclaration.org](http://www.itecodeclaration.org)

**Notes:**

Voluntary vs compulsory requirements: Items marked **V** are voluntary to answer, all other items must be answered.  
 The latest version of the Guideline document must be used. Specify in table above according to which version of the guideline document this declaration has been completed.  
 This version of the IT ECO Declaration is adjusted to the document "Product-related Environmental Attributes", issued by the European Association for Standardizing Information and Communication Systems (ECMA), TR/70, version 1999.  
 This version of the IT ECO Declaration meets the basic principles of ISO14021:1999, Environmental labels and declarations – Self-declared environmental claims (Type II environmental labelling).

**This IT Eco Declaration version can be used from October 1<sup>st</sup> and shall be used for products announced after December 1<sup>st</sup> 2003.**

**The IT Eco Declaration is a system for declaration of environmental aspects of IT and Telecom products, developed by the Nordic IT organisations, ITB in Denmark, IKT-Norge in Norway and IT-Företagen in Sweden. This IT Eco Declaration may only be used after having signed a contract with at least one of these organisations.**
